**EFFECTIVE
SUMMER 2010**

Purpose

The intent of this Agreement is to make clear the educational services to which you are entitled as a student of DeVry. This Agreement also assures your eligibility to participate in the range of student benefits that are offered as part of your degree program. Academic requirements and your financial obligations under this Agreement are also covered in the following paragraphs.

Application Fee

An application fee of \$50* is required of all applicants.

Tuition

Tuition does not include room and board, books, laptop (unless otherwise indicated), supplies, or transportation. DeVry reserves the right to increase tuition rates at any time; however, any increase will be announced at least 90 days before the beginning of the effective term. Where prohibited, tuition will not be increased more than once in an academic year.

Students requiring repeat work will be charged additional tuition at the prevailing tuition rates. This may extend their degree program by an additional session or semester. Schedule changes affected during the add/drop period will result in a tuition adjustment according to the tuition policy.

Although classes may be scheduled for sessions shorter in duration than a semester and in varying periods during that semester, tuition is billed according to enrollment for the entire semester.

Student Tuition

Tuition charges are calculated each semester per semester-credit hours enrolled. Rates are as follows:

Tuition Per Semester for Credit Hours 1-11: \$580

Tuition Per Semester for Credit Hours 12 and above: \$350

DeVry reserves the right to change a student's status as determined by the student's cumulative enrollment in either online or site-based courses.

This Agreement accepted by DeVry University Inc.

Refunds

The application fee is refundable if the applicant cancels the agreement in writing prior to midnight of the tenth business day after the date of transaction as provided in the Buyer's Right to Cancel section, or as otherwise required by state law.

To withdraw from school after attending classes, a student must notify the designated official according to the policy stated in the student handbook. Students who withdraw without notifying this administrator will be assessed a \$25 fee. Refunds will be calculated using the last documented date of attendance and will be issued within 30 days of the date of notification of withdrawal or the date DeVry determines the student is no longer enrolled, whichever is earlier.

Withdrawal is complete when the designated official has been notified. Withdrawn students are responsible for all outstanding tuition obligations. All students receiving Federal student loans must complete an exit interview with the Student Finance Office prior to withdrawing.

In compliance with applicable requirements, DeVry issues refunds to students who completely withdraw from all classes prior to completing a session. Refund calculations are based on week of withdrawal, the policy of the state in which the student is attending and the policy of the student's original state of residence. Of the amounts calculated, the one most favorable to the student is the refund issued. In all cases, policies are applied to tuition charged for the period of enrollment from which the student withdrew. Examples of refund calculations are available from the Student Finance Office.

Refunds are calculated according to the last documented date of attendance and issued within 30 days of the withdrawal notification date or the date DeVry determines the student is no longer enrolled, whichever is earlier.

DeVry Policy

At a minimum, refunds are calculated as follows:

Date of Withdrawal During: Percent Refund of Tuition Less Administrative Fee*

First day of scheduled classes	100%
Balance of week 1	90%
Week 2	75%
Week 3-4	25%
Week 5-8	0

* The administrative fee is 5% of the tuition charges for the application period of enrollment or \$150 whichever is less.

See the academic catalog for further details. Refund calculation examples are available in the student finance office.

General Information

Course sequences may vary and DeVry reserves the right to revise, add or delete courses, or to alter the total number of class hours for reasons including, but not limited to, the following: natural occurrences beyond DeVry's control, holidays, special institutional activity days, and registration dates. If it becomes necessary for any reason to interrupt its regular class schedules or starting dates, DeVry may, upon reasonable advance notice, suspend or cancel instruction.

DeVry reserves the right to suspend, cancel or postpone a class or classes in the event of an occurrence that unavoidably limits the use of the school facilities such as fire, flood, storm, war or civil disorder or other circumstances beyond DeVry's control. DeVry will advise students as soon as possible of dates for resumption of classes. If the number of students enrolling in a starting class is deemed insufficient, DeVry reserves the right to cancel the starting class (a class which begins the first term of an academic program). If this occurs, applicants will be given a full refund, within thirty days, of the application fee and prepaid tuition. In the event that a continuing program or class is cancelled, students will be offered the opportunity to transfer within the DeVry system with full credit for all course work completed. Not all programs are offered at all locations, and some courses may not be offered every semester. In some programs students will be required to take a substantial amount of course work online or at another location in close proximity to their home campus, to complete their program. Check with the appropriate academic advisor regarding course availability and delivery format.

If the standard length of programs must be changed, then tuition for any additional course work will be charged at the rate prevailing at the time the coursework is taken. DeVry is not obligated to provide coursework for students who fail, withdraw from a course, or interrupt their studies. Although the programs are of varying lengths, the term of this Agreement is for only one semester. If a student's enrollment is ongoing after the first semester with no interruptions, no new Agreement need be signed, and the terms of this Agreement (except for tuition and refunds in the case of a tuition increase) are reaffirmed and shall be applicable to the student and DeVry upon the student's enrollment for each consecutive subsequent semester and during the term thereof. Students who leave the program for one or two terms or who transfer to another DeVry location or program must sign an addendum to their enrollment agreement prior to resuming or transferring. Students who leave the program for three or more terms will be asked to execute a new agreement prior to resuming. A second application fee and tuition deposit are not required of readmits.

Standard business methods are used in the collection of delinquent payments. Students are required to keep DeVry informed of their current home and local address.

In order to remain enrolled, students must demonstrate satisfactory academic progress toward completing their programs as outlined in the academic catalog.

To graduate from any program, a student must maintain a cumulative grade point average of not less than 2.0 and satisfactorily complete all required coursework specified by DeVry. Additional conditions are detailed in the academic catalog. DeVry reserves the right to change the requirements for graduation to keep pace with educational, scientific, technological or similar developments. Changes may be applied to students already enrolled. For those cases, an academic advisor will specify an alternate plan of study which must be completed in lieu of the original requirements.

Students seeking resumption of study after involuntary or voluntary withdrawal need to be aware that not all courses are offered each term, and that curriculum changes may have occurred. A review with an academic advisor will be made to determine if an alternate plan of study is needed to permit those students to complete the graduation requirements. DeVry is not obligated to provide coursework for students who fail, withdraw from a course, or interrupt their studies.

Except by attached printed addenda to this Agreement, if any, written by DeVry and acknowledged by applicant, this Agreement is not subject to oral or written modifications from its printed form. This agreement supersedes any DeVry enrollment agreement you may have previously signed.

Students may use the equipment only while enrolled, and actively participating, in at least one course with the ECT or ECET designator, or in related courses; however, DeVry retains ownership of equipment at all times. Students must use equipment in accordance with its instructions; may not abuse, neglect or allow others to use it; and must ensure that equipment is not lost, stolen or damaged. If, however, equipment becomes lost, stolen or damaged, students must notify DeVry and will be charged up to the full cost of replacement. If equipment is recovered unharmed and returned to DeVry within 30 days after the loss or theft, DeVry will credit or refund any amounts paid.

DeVry may allow students to retain equipment after successful completion of all program requirements. Students who suspend or discontinue enrollment in their program of study must return equipment to DeVry within seven calendar days at their own expense. Students who fail to do so are liable for the full cost of equipment. Students authorize DeVry to charge any amount payable for equipment to their DeVry account.

Further information is available from DeVry's student services advisors.

In lieu of receiving rent from the operator of its bookstores, DeVry University receives commissions derived from the gross revenue collected by the bookstore operator from both on-campus and internet sales. These commissions are used to assist with expenses associated with the selection and ordering of textbooks and e-learning materials as well as the operating cost associated with providing campus bookstore space.

Other Costs

Non-refundable student services charge of \$20 per session is applied to all students.

A non-refundable parking fee, not to exceed \$60 per year, per vehicle, may be required of students who utilize DeVry parking lots.

A continuing student who has not completed the continuing student pre-registration procedure may be obligated to pay a \$25 late fee. A late registration fee of \$50 will be charged to continuing students who fail to register before the end of the designated registration period.

Insurance

All full-time site-based students are required to enroll in a special group accident and emergency illness plan. This is mandatory unless the students have equivalent coverage under a similar insurance program (insurance is optional for students enrolled in Minnesota). Students who do not provide evidence of independent health insurance coverage by the first day of class will be billed for a student health insurance policy. The current annual non-refundable premium is \$260 per student depending on the benefit option selected. This premium is subject to change at the start of each fall term. See the academic catalog for details.

General Admission Requirements

To be granted unconditional admission to DeVry, a prospective student must interview with a DeVry admission advisor and complete an application for admission. In addition, other general and specific requirements must be met regarding age, prior education and evaluation of proficiency in the basic and prerequisite skills needed for college-level work. Once DeVry accepts the application, applicants are conditionally admitted pending satisfactory completion of remaining admission conditions. Detailed information as well as additional requirements for selected programs, formats and applicants is found in the academic catalog.

Applicants with prior post-secondary attendance must present transcripts indicating all previous work. Students requesting transfer credit for prior post-secondary education must submit official transcripts before credit is awarded.

Each applicant must be at least 17 years old on the first day of classes. Documentation of age may be required.

Each applicant must have earned one of the following credentials from a DeVry-recognized organization: high school diploma or equivalent, General Educational Development (GED) certificate, or a postsecondary degree. The diploma or other acceptable documentation of the applicant's educational achievement must be provided for the student's file by the end of registration unless DeVry grants an extension. An official transcript (or equivalent documentation) with the grade point average (GPA) and graduation date must be provided for the student's file by the end of the first semester.

Prior educational performance is considered in conjunction with demonstrated proficiency in basic college level skills to determine admissibility and appropriate course placement. DeVry grants unconditional admission to individuals whose prior educational performance meets the criteria outlined in the academic catalog. Applicants whose prior educational performance does not meet these criteria must complete basic skills evaluation and demonstrate specific basic and prerequisite skills proficiency levels to be granted unconditional admission. All applicants may be required to complete basic skills evaluation through standard means prior to starting classes, to determine their initial course placement. Details regarding basic and prerequisite skills evaluation and results are outlined in the academic catalog.

See the academic catalog for additional admission requirements.

Applications may be taken through the end of late registration only. DeVry reserves the right to deny admission to any applicant and to change entrance requirements without prior notice. Electronics program applicants should note that color is one method used for coding electronic components; consequently, colorblind individuals may have difficulty in some courses.

Schedule

DeVry maintains morning, afternoon, and/or early evening sessions. Morning sessions typically run from 7:00 AM to 1:00 PM. Afternoon sessions typically run from 1:00 PM to 7:00 PM. Evening sessions typically run from 6:30 PM to 10:30 PM, or on weekends, if available. Specific times of attendance vary according to individual student schedules. Students with standard schedules attend classes between 15 and 24 hours per week, depending upon the term. Part-time students' schedules will vary each term between 3 and 11 hours per week, depending upon courses chosen. DeVry reserves the right to assign class sessions and to reschedule class sessions, if and when necessary. Students taking online courses have access to their course materials 24 hours a day, seven days a week. This enables them to send and receive feedback from instructors as well as to participate in group and team activities with fellow online students at their convenience. See the academic catalog for details.

Course Loads

Students in good standing may register for up to twenty credit hours per semester. Those seeking to enroll for more credit hours may do so with the permission of the appropriate academic administrator. Students whose academic history indicates academic difficulties may be denied permission to take extra credit hours, or may be required to take a reduced academic load.

DeVry is an educational institution that admits academically qualified students without regard to gender, age, race, color, religion, national origin, sexual orientation, political affiliation or belief, or disability and affords them all the rights, privileges, programs and opportunities generally available to students at DeVry. DeVry does not discriminate on the basis of gender, age, race, color, national origin, sexual orientation, political affiliation or belief, religion or disability in admissions, employment services, or access to its programs and activities.

It is DeVry's policy to comply with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. DeVry does not discriminate on the basis of disability. Persons wishing additional information about this policy or assistance to accommodate individual needs should contact General Counsel at DeVry University, 3005 Highland Parkway, Downers Grove, IL 60515-5799 (1-800-225-8000).

Purchase of Texts, Lessons, and Supplies

Textbooks and Supplies – Site-Based Students: Costs for textbooks and supplies vary by program and typically range from \$340 to \$970 per semester for full-time students. For full-time students in the Computer Engineering Technology program, textbooks and supplies typically range from \$285 to \$1,190. For full-time students in the Electronics Engineering Technology program, textbooks and supplies typically range from \$285 to \$1,515 per semester. Costs are subject to change based on publishers' prices. Textbooks may be purchased at the school bookstore or from an outside source, but they must be those specified by DeVry. Most courses **require** electronic course materials, which may include tutorials, simulations, study guides, electronic versions of textbooks and other interactive study material. Students enrolled in these courses will be charged \$80 for the electronic materials; charges are nonrefundable after the add/drop period. If electronic versions of textbooks are included, hard-copy textbooks are no longer required for these courses but may be purchased for an additional cost. Technology and software supplies must be those specified by DeVry.

New students at the Arlington and Sherman Oaks locations must have a laptop computer meeting DeVry's specifications (see www.devry.edu/whydevry/online_options_technical_specs.jsp) for use in their courses. The laptop computer is required for in-class work and students' success in their courses is dependent upon use of the laptop in class. Laptops may be purchased from an outside source, or from DeVry's vendor partner, who provides a discount to DeVry students. Costs are set by the manufacturer and are subject to change. Current discounted laptop costs are listed below, by program.

- \$715: Accounting, Biomedical Engineering Technology, Business Administration, Computer Engineering Technology, Computer Information Systems, Electronics and Computer Technology, Electronics Engineering Technology Health Information Technology, Multimedia Design and Development, Network and Communications Management, Network Systems Administration, Web Graphic Design.

- \$1,345: Game and Simulation Programming

Textbooks and Supplies – Online students: Costs for textbooks, supplies and any required specialized equipment vary by program and typically range from \$220 to \$540 per semester for full-time students. Costs are subject to change based on publishers/suppliers' prices. Applicable taxes and shipping fees apply.

Required textbooks may be purchased through the online bookstore or from an outside source but must be those specified by DeVry. Required specialized equipment is provided by, or available for purchase through, DeVry. Most courses require electronic course materials, which may include tutorials, simulations, study guides, electronic versions of textbooks and other interactive study material. Students enrolled in these courses will be charged \$80 for the electronic materials; charges are nonrefundable after the add/drop period. If electronic versions of textbooks are included, hard-copy textbooks are no longer required but may be purchased for an additional cost.

For full-time students in the following programs, average per-semester costs for textbooks and supplies are:

- Computer Engineering Technology: \$1,065
- Electronics & Computer Technology: \$850
- Electronics Engineering Technology: \$1,145

Most courses with the ECT and ECET designators (and certain alternate courses) include an \$80 per course equipment charge for the following equipment:

- Analog/digital trainer
- Hand-held Digital Multimeter
- Oscilloscope

Average per-semester costs for CET, ECT and EET textbooks and supplies noted above include this equipment charge.

Students must test equipment and inform DeVry within seven calendar days of any defects. If no defect is reported, equipment is considered to be in working order and loaned to the student. Students who report defects must return the equipment and will be shipped replacement equipment. DeVry does not guarantee that equipment will be operable, but will make technical support, maintenance and repair facilities reasonably available.

DeVry has limited spare equipment available for student use and does not guarantee that spare equipment will be available.

Attendance/Dismissal Policy

Students are expected to attend every meeting of every class in which they are registered. Absenteeism may result in dismissal from DeVry or from a specific course. Students who commit a breach of DeVry rules or normal standards of good conduct will be referred to the dean of students and may be subject to dismissal. DeVry reserves the right to dismiss students for failure to comply with the Student Code of Conduct. See the Student Handbook for complete details of the Student Code of Conduct. Students who fail to maintain satisfactory academic progress are subject to dismissal. See the academic catalog for full details.

Housing

DeVry maintains a Student Housing Office to aid students in locating suitable housing. Housing options include furnished shared apartments, rooms in private homes, as well as referral information. Not all options are available at all locations. Detailed information is available from the Student Housing Office.

Part-Time Employment

The DeVry Student Services Office will help students find part-time jobs while they are enrolled. Students are eligible for this assistance beginning the first day of classes. However, since employment depends upon local business conditions, part-time jobs cannot be guaranteed.

Student Financial Aid

DeVry's interest bearing installment loan program is available to students who need assistance to finance their DeVry education. If eligible, students will be given documents outlining terms and conditions of the plan. Federally or state funded financial aid programs may also be available to qualified students. Details on all financial aid programs are available at the school.

Career Services

Graduates of DeVry programs are entitled to career services to help them seek employment in business or industry. While employment cannot be guaranteed, career services staff will continue to work with students after graduation. DeVry's graduate employment statistics do not include graduates who do not actively participate in an employment search. Graduates who intend to utilize DeVry's career services must agree to DeVry's requirements for an employment search, including specific responsibilities allocated to the graduate. Employees of DeVry are not entitled to career services. The level of career services offered to International students/graduates will vary, and will depend on the employment opportunities permitted by NAFTA and/or their individual student visas. See the academic catalog for more details.

Veterans Information

Students enrolling in eligible programs who qualify for veterans educational benefits should submit the appropriate application for benefits form, along with discharge papers, as far in advance of the scheduled class starting date as possible. Details regarding specific program eligibility and requirements may be obtained from the veterans benefits coordinator at DeVry. Refunds for Veterans and eligible persons enrolled in programs approved under Section 1775 of the G.I. Law are the same as indicated under Refund Policy.

Additional Information

Please see the DeVry catalog for rules and procedures detailing the services outlined above.

Publicity Waiver and Release Disclosure

By signing this enrollment agreement, the student grants to DeVry University Inc., its parent, subsidiary and affiliated companies, agents, licensees and designees (collectively, "DeVry"), including their successors and assigns, the absolute, royalty-free, irrevocable, worldwide, right and permission, with respect to any testimonial (written or oral), photographs, film, video or other images, or sound recordings taken by DeVry:

- (a) To use, re-use, publish, re-publish, copy, modify, display and create derivative works in whole or in part, individually or in conjunction with other photographs, images, recordings or testimonials in any medium (including without limitation, in print and on the Internet) and for any purpose whatsoever, including, without limitation in advertising, marketing, publications, electronic distribution, and the Internet and for any other commercial purpose; and
- (b) To use the student's name in connection therewith if DeVry so chooses; and
- (c) To copyright the same in the name of DeVry, or any other name that DeVry may choose.

The student understands that there will be no compensation for the permitted use of any testimonial (written or oral), photographs, film, video or other images, or sound recordings taken by DeVry or of the student's name. By signing, the student releases and discharges DeVry, its successors, assigns and any designee (including any agency, client, broadcaster, periodical or other publication) from any and all claims and demands arising out of or in connection with the use of such photographs, film, video or other images, sound recordings, or testimonial, including but not limited to any claims for defamation, invasion of privacy, right of publicity, emotional distress or any similar right. Furthermore, the student represents and warrants that any testimonial given is original and does not infringe upon copyright or proprietary rights of another person or entity.

By signing this agreement, the student waives any and all rights to such photographs, film, video or other images, sound recordings, or testimonial and assigns all such rights to DeVry. **If the student is under the age of 18, the parent or legal guardian's signature indicates that he/she and the student have read, understand, and agree to be bound by the terms of this disclosure.**
