Combined statistics for students who graduated from February 2008, June 2008 and October 2008 classes[1]

		Graduates who actively pursued and obtained employment and those who were already employed in education-related careers within 180 days of graduation	Average reported annual compensation[2]	Graduates	Graduates eligible for career assistance[3]	Graduates who actively pursued employment for up to 180 days and those who were already employed[4]	Graduates employed in education-related positions within 180 days of graduation	Graduates employed outside their field of study
Accounting	**ACCT**	**92%**	$33,288	19	13	12	11	2
Biomedical Engineering Technology	**BMET**	**87%**	$44,450	101	86	79	69	6
Business Administration	**BA**	**92%**	$40,757	1,558	1,388	1,273	1,173	60
Computer Engineering Technology	**CET**	**84%**	$40,859	181	161	146	122	9
Computer Information Systems	**CIS**	**88%**	$48,202	671	584	494	435	78
Electronics & Computer Technology	**ECT**	**87%**	$36,616	404	308	255	221	39
Electronics Engineering Technology	**EET**	**91%**	$44,151	334	298	272	248	12
Game & Simulation Programming	**GSP**	**79%**	$38,488	84	72	56	44	10
Health Information Technology	**HIT**	**79%**	$33,425	290	228	180	143	37
Network & Communications Management	**NCM**	**91%**	$44,834	633	550	492	449	44
Network Systems Administration	**NSA**	**88%**	$38,717	363	178	146	129	31
Technical Management	**TM**	**93%**	$50,071	3,127	2,777	2,583	2,406	99

[1] All programs culminate in a bachelor's degree except Accounting, Electronics & Computer Technology, Health Information Technology, Network Systems Administration, and Web Graphic Design, which culminate in an associate degree. Credentials awarded may vary by state.

[2] Includes base salary and any additional taxable compensation.

[3] Excludes graduates continuing their education, foreign graduates legally ineligible to work in the United States and those ineligible for career assistance because of extreme circumstances. Contact the Career Services Department for details.

[4] Excludes graduates who actively pursued employment for less than 180 days and did not become employed.

NOTES: Completion statistics are available from each location upon request. Program availability varies by location. Statistics for graduates of the Web Graphic Design degree program will be available approximately six months after the first class graduates. Information presented is based on graduate-provided data.

DeVry Career Services

Career Services professionals across the DeVry system work diligently to help graduates attain positions in their career fields. Although DeVry cannot guarantee employment, the staff is committed to assisting students, graduates and alumni in identifying employment opportunities and following through with effective strategies for obtaining their desired career positions.

Effective Support Services

DeVry's Career Services Department is geared toward the needs of our students and their prospective employers. We support our students' career efforts with the following:

Employer Database
DeVry's Career Services Department maintains an employer database that contains information on national and local companies.

National Advertising
An aggressive advertising campaign acquaints employers across the country with the broad spectrum of DeVry graduates' skills and knowledge.

Employment Seminars
An ongoing series of seminars allows employers to meet with DeVry officials and the Career Services Director to discuss human resources requirements.

Career Fairs
Career fairs held periodically at the campus enable students to meet and talk with major recruiters of DeVry graduates.

These and other services help support one of the strongest career services efforts in education.
